

01

HISTORY

The **TANZA WATER DISTRICT (TWD)** was established under the provisions of Resolution No. 10-A, duly approved by the Sangguniang Bayan on March 24, 1988. The incumbent Mayor Hermogenes F. Arayata, Jr. conferred with the newly organized Board of Directors to elect their officers. The following were elected:

Engr. Jesus Diosana	- Chairman
Mr. Mariano Montano	- Vice Chairman
Ms. Angelina Nibungco	- Secretary
Mr. Vicente Rafael de Peralta	- Treasurer
Dr. Macario Pacumio	- Member

TWD acquired its Conditional Certificate of Conformance (CCC) No. 358 from the Local Water Utilities Administration (LWUA) on September 2, 1988. The ground breaking ceremonies followed on September 17, 1991 attended by Gov. Juanito Remulla Sr., Mayor Jose Ricafrente of Rosario, Engr. Simplicio Belisario and Engr. Armando Lizaso, acting Administrator of LWUA and the late Rev. Fr. Mariano Saguinsin of Holy Cross Parish. It started its full operation on August 1, 1995 with Pumping Station (PS) No. 1 as the main source of water supply. PS No. 1 is located at the back of the municipal hall of Tanza.

02

HISTORY

On January 02, 1996, the Tanza Water District occupied its newly constructed office.

Pumping Station No. 2 at Brgy. Daang Amaya was inaugurated on April 26, 2001 to provide additional source of water.

03

HISTORY

St. Augustine Village, one of the subdivisions in Tanza was turned-over to the District for its smooth operation on October 15, 2001. Summercrest Village in Brgy. Sahud-ulan and Hauskon Subdivision in Brgy. Julugan 8 soon followed on March 26, 2003 and August 15, 2003 respectively.

04

HISTORY

Pumping Station No. 6 at Brgy. Mulawin was inaugurated on December 8, 2005 to supply water to additional four (4) barangays included in the expansion project.

05

HISTORY

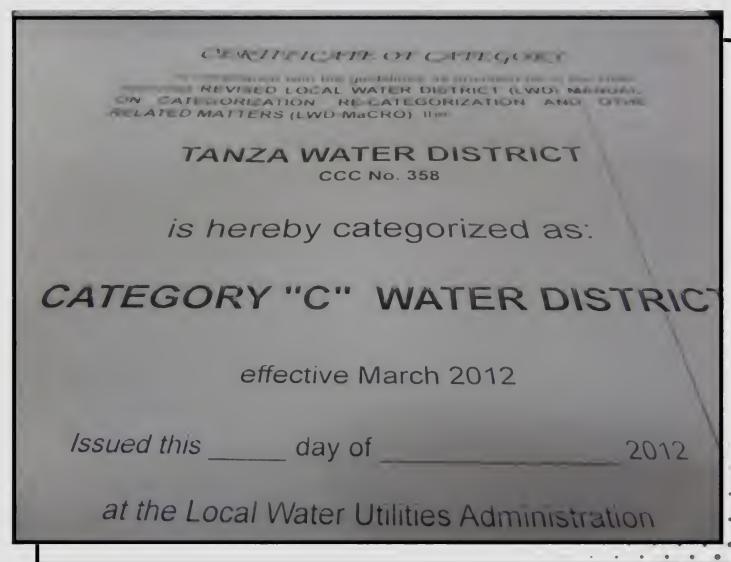

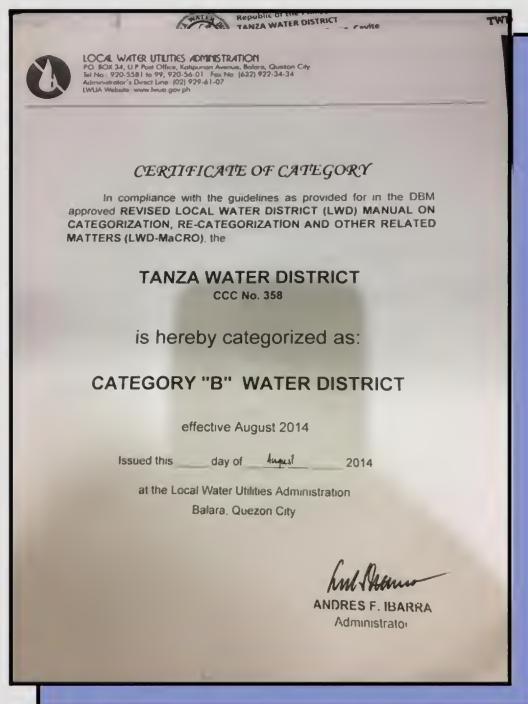

On March 17, 2006, the homeowners association of Christine Village IV Subdivision, represented by Engr. Feliciano de Leon Joya, owner and developer, donated their water service facilities to TWD.

06

HISTORY

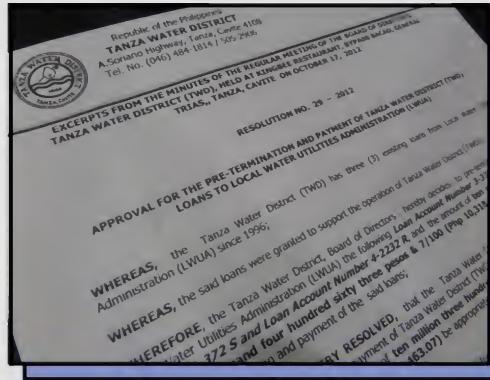

TWD started from Small water district category and gradually recategorized until it reached the Big category last September 19, 2005. On April 2012, TWD is classified under Category C water district by LWUA, following the guidelines of the Revised Local Water District Manual on Categorization, Re-categorization and Other Related Matters (LWD-MaCRO). It was then recategorized as Category B on August 2014 after satisfying operating requirements, revenue generation, and scope/complexity of operations.

07

HISTORY

By virtue of Board Resolution No. 29 – 2012 dated October 17, 2012, TWD settled all its loan obligations to LWUA amounting to ten million three hundred eighteen thousand four hundred sixty three pesos and 7/100 (Php 10,318,463.07). The management arrived on this decision after series of meetings, evaluating carefully the impact it will bring to the operation of the district.

Due to the growing members of the TWD family, the need to renovate and expand the TWD office was considered, hence, its 2nd floor was constructed on July 2015 and was inaugurated on December 23, 2015 together with the Pumping Station No. 7 and Pumping Station No. 9 located at Brgy. Paradahan I, Tanza, Cavite and Municipal Compound, respectively.

08

HISTORY

On September 2017, the Promise Land Subdivision at Brgy. Bucal, Tanza, Cavite was turned-over. The Deed of Donation was signed by Atty. Adelbert P. Allan, representing the Nadel Builders and GM Myrna Bobadilla on November 22, 2017.

09

HISTORY

The Golden Sunrise Subdivision at Brgy. Biga, Tanza, Cavite, under the Armed Forces and Police Mutual Benefits Association, Inc. (AFPBMAI) represented by RADM Primitivo P. Gopo, AFP (Ret.) was turned-over under Deed of Usufruct last August 29, 2017 and finally by Deed of Donation on December 29, 2017.

At present, the septage management program of Tanza Water District, in partnership with the local government unit of Tanza, is in its initial stage. This is in compliance with the Supreme Court mandamus, to be fully implemented by year 2020. Further, the expansion project in Brgy. Amaya is now on progress; the perimeter fence of the pumping station was already constructed; well drilling, excavation and pipe laying shall be pushed through on the remaining months of 2018. Expected operation shall be middle part of 2019. Additional pumping station is soon to be constructed at Sta. Cecilia Subdivision in Brgy. Julugan 8 to augment the shortage of water supply, particularly in Brgy. Julugan and Biwas.

The Management of Tanza Water District does not stop from improving, developing and seeking viable techniques as well as solutions for the betterment of quality service to all its concessionaires. It also believes that endless effort, team building, employees' motivation and efficient customer service marks continuous development and signs the progress of the District's operation.
